## 27 RETARDED CHILDREN WILL GET XMAS GIFTS

While plans are progressing for the establishment here of a day care center for retarded children, members of the Adams County Association for Retarded Children are preparing to brighten Christmas-time for 27 retarded Adams County children who are now at Laurelton and Pennhurst.

Officers of the Association said they have secured permission from two local churches—the Christ Lutheran and the Presbyterian—to establish a day care center in Church School rooms.

One of the churches will be utilized and the selection probably will be left up to state Department of Public Instruction officials at Harrisburg. Official boards of the two local churches have offered the quarters rent-free with the understanding that the rooms will be made available about February 1.

Seek Certification Dr. George Stauffer, special education supervisor for Adams County, who has been working with the county association in its efforts to set up a day care center for Adams County, is seeking Harrisburg certification for an instructor for the proposed "school."

Only one day care center, which would operate five days a week through next May, would be opened this year. It will start with four children and be enlarged one child at a time until a maximum of 15 are enrolled under the care of one teacher. Later, teachers could be added to take care of more of the boys and girls in the county—ranging in age from five to 12 or 14 years—who cannot be admitted to public schools because of their handicaps.

The Association is preparing Christmas gifts for nine county girls now at Laurelton and for 18 boys and girls from this county now at Pennhurst. They range in age from 10 to 36 years. The gifts were provided by individuals.

By LARRY HALL JEFFERSON CITY, Mo. (AP)—Lips reddened by a final kiss but silent on the missing ransom mystery, Carl Austin Hall and Bonnie Brown Heady died together in the gas chamber early today for the kidnap slaying of 6-year-old Bobby Greenlee.

The notorious pair refused a final official request for a statement which might have shed light on what happened to half the record \$600,000 collected from the multimillionaire father of the child they stole and murdered last Sept. 28.

Instead they spent their last minutes in a brief conversation and farewell embrace, shared a final cigarette, bid their Missouri prison guards goodbye and died side by side amid swirling clouds of deadly cyanide gas.

Mrs. Heady, 41, plump and dark-haired, mustered a parting jest at the leather straps that bound her to the death chair.

## 3 COMPANIES GET FIRE CALL

Three fire departments, Barlow, Greenmount and Gettysburg, were called Thursday evening at 8 o'clock to fight a woods and brush fire near Natural Dam on the property of Fred Green, Gettysburg R. 2.

The fire, which continued to smolder through the night, was reported as breaking out again this morning. Men from Green's sawmill tackled the fire again this morning.

About 20 men from the Barlow and Greenmount companies were called first to the scene as the fire burned over five acres. Gettysburg was called later when it appeared that the blaze might turn toward Rothhaup's Mill, along Marsh Creek near Natural Dam.

Green said today that the fire had apparently spread from a fire which he believes may have been set by hunters to keep themselves warm. He said evidences of that fire were to be seen at the start of the burned over area.

Fire trucks could drive within a quarter mile of the fire and equipment was carried on foot over a hill by the firemen. One Gettysburg fire truck, seeking to approach the fire from another angle, found the way blocked by a two-ton gross weight bridge, too light for the truck to cross.

## Army Placing

(Continued from Page 1)

a foot thick over most of its length, giving it the appearance of a huge pencil with fins fore and aft to steer it in flight.

It is placed on a launching rail which is elevated to a vertical position and the missile sent away by an initial booster charge. The rocket booster drops clear when the missile is several hundred feet up and the missile's own liquid-fuel rocket engine takes over.

Information obtained by radar has provided the general area in which the enemy plane is located. A navigational system steers the Nike to this area. Here the Nike's radar eyes begin to seek out the plane and manipulate the fins to head it toward the target. In the final phase, a "homing" device takes over and guides the missile into the target. Presumably a proximity fuse could detonate the missile's explosive load at the correct distance from the enemy bomber even if an actual contact is not made.

In its official motion picture, the Army showed a Nike blowing up the comparatively slow and easy target provided by a B-17. That World War II plane has a top speed of only about 250 miles an hour. But Army spokesmen emphasized the Nike can operate as efficiently against jet aircraft with far higher speeds.

execution, confirmed the two had given each other a final embrace and kiss.

"You wouldn't want to deprive them of that," the marshal said. Hall was puffing on a cigarette as they approached the gas chamber. He passed it to Mrs. Heady who took a final puff.

Tatman stepped into the gas chamber with the two. After guards had blindfolded them and strapped them to the chairs, the marshal asked: "Have you anything to tell me?"

### Makes Last Comment

Witnesses sensed in this question a last effort to find out if there knew what had happened to more than \$300,000 of the ransom money they collected in Kansas City on Oct. 4 and which was missing when they were captured in St. Louis on Oct. 6.

Both shook their heads in the negative and Mrs. Heady said aloud: "no."

As the death chair strap was being tightened about her chest, Mrs. Heady, with a little chuckle, told the guards:

"It's tight—I'm not going anywhere."

Then she called out to Hall: "Are you doing all right, honey?"

"Yes, mama," Hall replied. The prison was quiet as the notorious pair went to their deaths. Seven degree cold kept the crowd outside at a minimum.

### Convicts Are Silent

As the official witnesses walked through the darkness of the prison courtyard, Christmas decorations made by convicts sparkled on the trees and bushes.

Elaborate security precautions had been made, with extra guards and highway patrolmen brought in for the execution. But the extra men were not needed. There was no outburst from the 2,500 convicts.

As the parade of witnesses followed the death cars down to the gas chamber, one convict shouted from his cell: "Pour it on 'em." Warden Ralph N. Eldson, who tripped the lever which sent cyanide gas curling around the faces of the kidnapers in a white cloud, said the pair had been "just as normal as they could be" since they entered the prison Nov. 20.

"I don't think we've had any more normal prisoners than they were down here," he said.

### Reconciled To Death

The Rev. George L. Evans, Episcopal rector from Kansas City, Kan., who was Hall's spiritual adviser, said both prisoners were "absolutely and completely reconciled" to death.

"They are prepared to meet Almighty God," he said after praying with them in the death chamber.

Some of the official witnesses had figured in the unusual federal court trial when a jury in Kansas City recommended the death sentence Nov. 19.

Hall's attorney, Marshall K. Hoag of Pleasanton, Kan., an old friend of the family, was one of them.

But the only representative of little Bobby Greenlease's family present was Norbert S. O'Neill, Kansas City business associate of the child's multimillionaire father. O'Neill was one of the men who negotiated with the kidnapers and dropped a record \$600,000 ransom near a bridge east of Kansas City Oct. 4.

### Kept Faith With Vow

"I came down here," O'Neill said after the execution, "to keep faith with a vow I made several weeks ago. I don't like to see people die, but these people deserved to die. I came down here to see the sentence carried out because I thought it was a just sentence."

When two hearses took the bodies out of the prison about an hour after the execution, the streets were almost empty in the near-zero cold. Victor Buescher, a Jefferson City undertaker, claimed the bodies and prepared them for burial.

From here, Mrs. Heady's body was to be taken to Clearmont, Mo., her girlhood home, for burial Sunday morning.

Hall's attorney insisted to the end that he did not know where Hall would be buried. His mother and father are buried in a family plot at Pleasanton, Kan.

### REPORTS LOCAL CRASH

Russell Hindman, New Oxford R. 2, reported to borough police Thursday that a tractor-trailer, loaded with new cars, struck his car in Lincoln Square and failed to stop. Police said Hindman had "about \$1 damage" to his car.

### JAILED FOR HEARING

## Party Harmony Would Be Nice Xmas Gift For Ike

By JAMES MARLOW

WASHINGTON (AP)—Just about the nicest Christmas gift for President Eisenhower would be a package of party harmony, wrapped in a guarantee that all Republicans in 1954 would see eye to eye on everything of importance. It's a gift he won't get.

Two of the most powerful Republicans in Congress yesterday came out of a White House conference with Eisenhower disagreeing.

### Taber And Short

One was the 63-year old John Taber with a face stern enough to be Biblical. Taber, a New York lawyer, built himself a reputation thundering for economy.

The other was Dewey Short of Missouri, 55, pink-cheeked and balding. The highly educated Short, who went to Oxford and taught philosophy, has long been one of the main oratorical attractions of the House.

Leaving the White House, Taber, who once advocated a meat ax approach to government spending, said optimistically he thought next year's budget could stand big cuts. Short didn't see big cuts at all.

### In Good Position

As chairman of the House Appropriations Committee, where all government spending bills have to start, Taber is in a prime position to try to make his predictions of yesterday come true.

All the agency and department heads must parade before him and his committee to explain why they think they need the money the budget says they need. It's the Taber committee's job to keep spending down.

Short, however, is chairman of the powerful House Armed Services Committee, which gives him a wide view and deep knowledge of the needs of the armed forces.

### Estimates Not Finished

Since the money which Eisenhower will ask Congress to appropriate for the armed forces will make up by far the biggest item of government spending, Taber will probably try his biggest cuts there.

Taber and Short both sounded off before the budget itself was complete. The Eisenhower administration has been preparing it for months to submit to Congress in January.

Particularly the estimated spending for the armed forces isn't finished yet.

Nevertheless, the budget was one of next year's problems which Eisenhower discussed with Republican congressional leaders in going over the program he'll offer Congress in January.

### Symbolize Differences

The general public will be hearing about the budget, cutting it and balancing it, from now until next summer when Congress will finally finish voting the money for the fiscal year starting July 1.

Taber and Short symbolize the differences which will spring up in Congress among Republicans over government spending, even under Republicans.

The more Eisenhower gets into his program, the more differences he'll see among his Republicans. In the end he may have to depend on Democrats, who weren't invited to the White House, to help him get his program over.

Starlings habitually roost in the center of large cities but fly to the countryside each day to feed.

### THE IDEAL CHRISTMAS GIFT!

Here's one gift that will thrill a youngster, delight dad, entertain some lonely mother, and give hours of companionship to grandmother. Truly, there's something about a parakeet that wins your heart. Is it his friendly curiosity that brings him fluttering to your shoulder or finger, or is it the glistening beauty? Perhaps it's all of these things plus his clownish antics that make a parakeet so wonderful to own.

We will be glad to help you plan in advance so that we can reserve now the bird of your choice for some gift-giving occasion.

E. B. Bulleit is Admitted to Bar in County: Edward B. Bulleit, elder son of Attorney and Mrs. Eugene V. Bulleit, College avenue, was admitted to practice before the courts of Adams County at a session of court this morning. His oath as a member of the bar was administered by President Judge W. C. Sheely.

His admission was moved by his father, E. V. Bulleit, Esq., who has practiced in the county courts since April 21, 1928, and was recommended by the board of law examiners of the county bar association.

He was admitted to practice before the Supreme Court of Pennsylvania on December 5. His admission brings to 16 the number of practicing attorneys in Adams County.

Girl Reserves to Sing Carols Here Tonight: More than 50 members of the Girl Reserve clubs in Gettysburg are expected to gather at the YWCA building this evening at 6:30 o'clock and divide into three groups for caroling expeditions through many sections of town. One group will go to the county home, another to the hospital and a third to the jail, each also singing at a number of other points in various parts of the borough.

When the girls assemble this evening they will bring white gifts which will be distributed later in the week to needy families in this community. After the caroling the girls will return to the "Y" building where they will enjoy hot chocolate and cookies.

Junior Red Cross Members Design Thousands of Gifts For Distribution Next Week: Useful and attractive gifts by the thousands, designed and made by Junior Red Cross members in the grade schools of Adams county, are being packed in preparation for mailing next week to make Christmas Day more merry for hundreds of persons who lack many of the things generally regarded as necessary for a happy holiday season.

Miss Margaret McIlhenny, Junior Red Cross secretary for Adams county, said today that gifts of a wide variety, joke books, toys of all kinds, Christmas greetings and dozens of other types of presents have been made this year in larger number than ever by the school children of the county.

All but one school in the county was enrolled in the Junior Red Cross this year and nearly all of the schools have contributed to the store of presents to be distributed next week to patients in the children's hospital at Mount Alto, the Sylvan Heights orphanage at Harrisburg, the Hoffman orphanage near Littlestown, the Paradise Protective near Abbotstown, guests at the Adams county home, patients in the Warner hospital prisoners in the county jail and patients at the Crippled Children's hospital at Elizabethtown.

Carolyn Codori Scouts Hold Christmas Party: The Carolyn Codori Scouts conducted their annual Christmas party Sunday afternoon with sixty members and their guests in attendance. The affair was held in the scout rooms of the parochial school building, West High Street.

A toy was given to each guest of the troop and candy, oranges and ice cream were distributed. The party was under the supervision of Miss Mary Ramer, chairman of the Girl Scout committee.

Birth Announcement: Mr. and Mrs. John Murray, Gettysburg R. 2, announce the birth of a daughter at the Warner hospital Thursday (December 15).

Will Add 10 to P. O. Staff For Holiday Rush: Postmaster C. A. Williams announced today the names of the 10 extra carriers, clerks and parcel postmen to be added at the Gettysburg post-office to handle the rapidly growing Christmas rush.

The additional men, whose appointments have been endorsed by the United States civil service, will be called to work next Monday morning.

## Today's Talk

By GEORGE MATTHEW ADAMS

## CURIOSITY—A CHALLENGE

Curiosity is behind much of our progress, especially in this Western World where there is freedom of thought, so that anyone can attempt the solution of any problem of his imagination. Inventors keep trying one thing and another until they arrive at some point where they begin to see the light. Many an accident in a chemical laboratory has happened because the experimenter became too curious!

A child's first attentions are curious ones. It wonders. It turns its finger on a hot stove and that settles its curiosity as to stoves. It won't touch them again! We are curious about a stranger whom we meet, about authors of books, the lives of people who dare and take risks. Had not Col. Lindbergh been curious about what a single engine plane could do in a flight across a great ocean, he would never have even attempted such a thing.

The world may well regret that man ever became curious about the splitting of the atom. We can become too curious for our own good. Curiosity, put to an intelligent plan, however, is what has given to us most of our joys, comforts, and better ways of life.

In my city, whenever a tall building is being erected, there are crowds that gather on the opposite side of the street, curious about how each step in the building of that structure is made. I have often come upon a dog fight or a dispute between men, and watched the crowd, as curious as I, as to what caused it and how it was to end. I have read where it has been stated that both Montaigne and Boswell were both men of enlarged curiosity.

Dickens and Gissing because they were curious and wanted to learn all about "how the other half lived." Dickens wrote about the more cheerful and humorous side and Gissing about the tragic elements about which he knew and in which he was interested. It takes bravery to be curious about some things.

Tomorrow Mr. Adams will talk on the subject: "Art For The Heart."

## WINTER FRIENDS

The martin house is taken down. Now empty are the robin's nests. The sparrows still remain in town. Content to be our winter guests.

A blue jay now and then appears.

At times the pheasants pay a call. Their shrill cry grates upon the ears. They have no gift of song at all.

And yet without such creatures brave.

Who dare to stay when others flee. The place were silent as a grave And drearier would winter be.

## SON ADMITS HE POISONED BOTH PARENTS WITH SPIKED DRINK

NEW YORK (P)—A 20-year-old chemist has confessed the cyanide cocktail murders of his well-to-do parents and says he killed them because his mother had accused him of sexual abnormality for as long as he can remember.

But a male friend says he and the lazy, luxury-loving son hatched the weird toast-of-death plot to get their hands on \$150,000.

Bronx Dist. Atty. George B. De Luca announced last night that Harlow Fraden, poetry-loving college graduate, admitted he had treated his parents to champagne cocktails spiked with potassium cyanide.

## Not For Personal Gain

Fraden allegedly hurried the job with more poison during the death agony of his parents—Dr. William Fraden, 50, a physician, and his wife Shirley, 46, a schoolteacher.

Fraden's mother had chided him as abnormal, even "before he knew anything about sex," De Luca said in announcing the son had confessed after many hours of questioning.

"This he strongly resented," the prosecutor said. "Fraden further stated that he did not kill his parents for personal gain, because his parents gave him all the money he wanted."

Fraden said he bore no animosity toward his father.

## Told The Girl Friend

Fraden had been confronted with the confession of his friend, Dennis Wepman, 20, an unemployed freelance writer, who had related that he and Fraden plotted the crime for money.

De Luca said Fraden finally confessed he murdered his parents in

the manner that Wepman had described: he told his parents falsely that he finally had gotten a job, and gave them poisoned champagne cocktails to join him in a toast to the end of his loafing.

The deaths of the parents had been listed tentatively for four months as a double suicide or murder and suicide until the case cracked open Wednesday through a pretty girl friend of Wepman. He confided to her that he was involved in the plot, and she reported to police.

## ASK EXTENSION OF BENEFITS

BUCK HILL FALLS, PA. (P)—The National Council of Churches' Home Mission Division has called for a government-supported drive for full inclusion of Puerto Ricans, Americans of Mexican descent and other Spanish-speaking peoples in "social benefits open to every American."

The annual conference commended a statement by the National Council's General Board which called for a government supported, nationwide attack on the housing problem.

The group also urged local church leaders to help Spanish-speaking Americans "overcome language and social barriers" through programs of education and Christian welfare and fellowship.

Other resolutions passed last night recommended:

1. A strengthening of government border patrols and other services (to cope with illegal immigration via the Mexican border).

2. A closer cooperation with the Mexican government to eliminate the economic source of the "wet-back" invasion (illegal entry into the United States of Mexicans seeking higher wages).

The federal government and church agencies were urged to take part in a drive to provide

U. S. Spanish speaking peoples with benefits of public housing and job opportunities.

Total assets and premium collections of Connecticut insurance companies rose to \$1,899,350,269 in 1952, more than double the amount of 1942.

## RICHMOND AND HAVANA LIKELY TO JOIN LEAGUE

WASHINGTON (AP)—The International League was bidding fair today to live up to its name by stretching 2,000 miles from Montreal, Canada, to Havana, Cuba.

The triple-A baseball league yesterday cleared the next to last roadblock to adding Havana and Richmond, Va.

One more minor hurdle remains. Richmond must come up, by Jan. 5, with a ball park that meets International League standards. The city's mayor, Edward E. Haddock, has promised to supply the proper kind of park.

Havana's entrance into the league is entirely dependent on the Richmond situation. If, by some chance, the Virginia City muffs the ball park problem, the International League will revert to a six-team loop.

It took a lot of talking and financial maneuvering to wrap up the decision yesterday. For eight hours, officials of the International and Piedmont leagues conferred with George Trautman, the minor league commissioner.

**Sells Franchise**  
Finally Edwin Mooers, owner of the Richmond franchise in the Class B Piedmont League, agreed to sell his territorial rights to Harry C. Seibold, a Richmond industrialist, at a price said to be \$25,000. Mooers bought the Piedmont franchise in 1932 for \$1,000.

Richmond and Havana would replace Baltimore and Springfield, Mass., in the International. Springfield recently quit for financial reasons. Baltimore left to move up to the American League.

All this appeared to put the International League on sound footing, but the Piedmont League is in a bit of trouble, having lost its biggest drawing city, Richmond.

Remaining in the Piedmont are York and Lancaster, Pa.; Hagerstown, Md., and Lynchburg, Newport News, Portsmouth and Norfolk, Va.

Frank Summers, Piedmont president, said he's convinced an eighth club will be assigned before the start of the 1954 season but he would not speculate on who it might be. There was some talk of Harrisburg, Pa.

**DUQUESNE AND W. KENTUCKY ADD TO WINS**  
NEW YORK (AP)—Third ranking Duquesne and 10th ranking Western Kentucky added new links to their basketball victory chains last night and now should continue unbeaten at least until the holiday tournaments.

The Dukes from Pittsburgh made it six in a row at the expense of the touring University of Texas, 71-58, and Western Kentucky won its eighth straight, 78-55, over an outclassed St. Francis of Brooklyn quintet in Madison Square Garden.

Duquesne has a game with Toledo left before the holiday festival in New York and Western faces St. Bonaventure in Buffalo, N. Y., prior to the Louisville invitational.

**Holiday Tourney Opens**  
Fletcher Johnson scored 19 points for Duquesne but St. Green, the Dukes' sophomore flash, registered only four before he suffered a leg injury. Doctors said Green should be ready for Toledo on Saturday.

Rice won his fifth straight in the other half of the garden twin bill outlasting St. John's of Brooklyn 85-61.

The NAIA small college holiday tournament opened in Kansas City with East Texas State beating Findlay, 79-68; Hamline defeating Rockhurst, 81-68; Illinois Wesleyan upsetting Mississippi Southern, 77-71 and Southwest Missouri breezing past Nebraska Wesleyan, 86-50.

**Record For Irish**  
Joe Bertrand set a Notre Dame scoring record of 35 points as the Irish trounced Loyola of Chicago, 81-65.

Michigan State won its second straight, 65-60, over Marquette; Colorado A&M defeated Drake, 68-64 and Wichita used two foul shots after the gun sounded to reach the century mark in its 100-87 conquest of Creighton.

Maryland defeated Virginia Tech 60-52.

Washington State lost the first game of a California tour, 45-44, to Sacramento State.

**LEADS CAGE GROUP**  
JOHNSTOWN, Pa. (AP)—California undefeated in two games, tops the Pennsylvania State Teachers Colleges Basketball Conference with 250 points. Kutztown, with a 1-0 record, and Millersville, 3-0, share second place with 200 points each.

## IRISH 'INJURED PLAYER' AFFAIR 'MOST UNUSUAL'

**By BEN OLAN**

NEW YORK (AP)—Notre Dame's much-discussed "injured player" time-out in its Nov. 21 deadlock with the Iowa Hawkeyes popped up again today to be voted college football's "most unusual incident" in an Associated Press poll of sportswriters and sportscasters.

The Irish "incident," which brought forth nationwide expression of pros and cons, easily won out over the Duke-Navy "short count" and the collapse of Frank Leahy during the Notre Dame-Georgia Tech game.

The N.D.-Iowa controversy, labeled by some who balloted as the "big faint" and "the dying swan act," was one of the most heated in recent seasons.

**Led To Victory**

It was set off by tackle Frank Varrichione who—with only seconds remaining in the first half, the Irish trailing 7-0 and already having used up its allotment of five time-outs—suddenly clutched at his back and legs and fell to the ground. A time-out was called, following which quarterback Ralph Guglielmi fired a 12-yard touchdown pass to end Dan Shannon to tie the score.

The Duke-Navy "three downs" affair came in the third quarter of their Nov. 7 game. With the ball on Navy's 16 in Duke's possession, the officials inadvertently allowed the Blue Devils only three plays before handing the ball over to the Midshipmen. The game ended in a scoreless tie.

Leahy's collapse, later attributed to muscle spasms, occurred during halftime, while the Notre Dame coach was walking into his team's dressing room. He was taken to a hospital during the third quarter but the Irish went to win 27-14.

## Penn State Back Joins Blue Squad

STATE COLLEGE, Pa. (AP)—Dick Jones, Penn State halfback from Bellevue, Pa., today was added to the Blue squad for the annual Blue-Gray football game Dec. 26 at Montgomery, Ala.

Coach Rip Engle of Penn State and the Blue team, chose Jones to help out as a receiver for the Blue's Tony Rados, also from Penn State. Jones was State's third highest scorer during the season with 24 points.

He caught three passes for touchdowns, two from Rados against Boston University.

NEWARK, N. J.—Hurley Sanders, 161, Newark, outpointed Phil Rizzo, 158, Brooklyn, 8.

**PARTY FOR YOUNG FOLK**

Members of the Youth Fellowship of Redeemer's Reformed Church enjoyed their annual Christmas party on Wednesday evening in the church social hall. There was square dancing to recorded music and group games were played. Instead of exchanging gifts, each member contributed 25 cents to buy a Christmas gift for a child in a foster home. Refreshments were served. The Youth Fellowship will not meet this Sunday. The next regular meeting will be held Sunday, Dec. 27, 6:15 p.m.

## York And GHS Meet On Local Court Tonight

One undefeated basketball record is certain to fall by the wayside tonight when the York and Gettysburg High School dribblers meet on the Warriors' floor.

York has defeated Spring Grove, Baltimore City College and Hanover. The Warriors hold victories over Westminster and Delone Catholic. The invading Bearcat outfit shapes up as one of the best the locals will be called upon to meet during the season.

At 6:45 o'clock the junior varsity teams will clash.

Other scholastic tilts tonight include: Scotland at New Oxford, Quincy at Fairfield, Littlestown at Manchester, York Springs at Hagerstown Catholic, Biglerville at Shippensburg, and East Berlin at Delone.

**MAY RE-ADMIT IRISH GRIDDERS**

**SOUTH BEND, Ind. (AP)—**Quarterback Ralph Guglielmi and halfback Joe Heap, suspended by Notre Dame for breaking curfew, will be permitted to apply for re-admission in February.

The two juniors, regulars on the undefeated Irish football team this season, admitted last night they had been suspended after a tardy return to the campus following a celebration of Notre Dame's 40-14 season-ending victory over Southern Methodist Dec. 5.

The week end curfew for students at the university in 12:30 a. m. Heap said he and Guglielmi were "about 20 minutes late."

The Rev. Theodore Hesburgh, Notre Dame president, would neither deny nor confirm the suspensions. He said the school has a strict policy against public announcements of such kind.

## STADIUM SOLD AND IS LEASED BACK TO YANKS

NEW YORK (AP)—The world champion New York Yankees will play ball next season in a stadium owned by a Chicago real estate firm located on land owned by the Knights of Columbus but it will still be the "House That Ruth Built."

Del Webb and Dan Topping, co-owners of the baseball club, sold Yankee Stadium and Blues Stadium in Kansas City yesterday for \$1½ million dollars.

They sold to the Arnold Johnson Corp. of Chicago, headed by Arnold Johnson. Johnson then sold the land under Yankee Stadium and the adjacent parking lots—about four acres of ground—to the Knights of Columbus for 2½ million dollars.

**Everybody Happy**

Next, Johnson rented back the land from the K. of C. and then leased the whole works back to the Yankees. Johnson kept the Kansas City park.

Everybody seemed happy about the tremendous and complicated deal.

Webb and Topping, along with Larry McPhail, paid only \$2,800,000 in 1945 for both ball parks, the Yankee ball club, its players and all equipment, the Kansas City ball club and its players and the Newark ball club. In 1947 Webb and Topping bought out McPhail for two million dollars.

**Long Term Investment**  
None of the parties would reveal the Yankee rental but most guesses ranged around \$150,000. In addition the Yankee ball club will pay the taxes on the stadium.

Webb and Topping said the deal had nothing to do with their baseball club. "We are merely getting out of the real estate business," Topping said.

Luke E. Hart, supreme knight of the K. of C. and chairman of the order's investment committee, said the deal was a "long-term income investment" of the order's insurance funds. The K. of C. has similar property investments in Chicago and elsewhere.

**White Sox Release Third Baseman Elliott**

CHICAGO (AP)—Third baseman Bob Elliott, 37, the National League's most valuable player in 1947, today was unconditionally released by the Chicago White Sox.

Elliott played with the Pittsburgh Pirates, Boston Braves and New York Giants in a National League career that lasted from 1939 until the Giants unconditionally released him Oct. 1, 1952.

He switched to the American League last March 25 when the St. Louis Browns signed him and came to the White Sox June 14 with Virgil (Fire) Trucks in a swap for pitcher Lou Kretlow, catcher Darrell Johnson and cash.

**TALBERT AND TRABERT JOIN TO WIN DOUBLES**

**By WILL GRIMSLEY**

BRISBANE, Australia (AP)—United States Davis Cup Captain Billy Talbert gambled and won today when he teamed with his young protegee, Tony Trabert, and carved out a 6-3, 6-2, 4-6, 9-7 victory over Belgium's Philippe Washer and Jacques Brichant in the doubles match of the Davis Cup interzone finals.

Talbert, old "long pants" of the prewar days, substituted himself for Vic Seixas, his slumping star, and he certainly made the right decision. The 35-year-old veteran, who has been playing little two-sets, then held on for the last two when the pace began to get him.

The victory was a must for the American team. Now they need only to split tomorrow's final two singles matches to gain the Challenge Round against Australia at the end of the month.

**Most Logical Move**  
Talbert said he would send Seixas back into action against Washer and Trabert against Brichant, a reversal of the first two singles opponents. It was yesterday that Brichant upset Seixas and had Talbert worrying over just what course of action to take.

Bill used himself reluctantly and only after talking the entire matter over with the players and Dr. S. E. Coombs, former New York Yankee outfielder and coach, will serve as a coaching aide for Steve O'Neill of the Philadelphia Phillies next year.

The Phillies signed Coombs yesterday along with 21-year-old Arlen (Buck) Leslie of Amelia, Ohio, a lefthander with the Wichita Falls, Tex., Air Force team last season.

Coombs has served as a coach with the Yankees, St. Louis Browns and Boston Red Sox. He will assist the hitters and the outfielders.

Davenport, manager of the team and a power in the United States Lawn Tennis Assn.

"We decided it was the most logical move for today," Talbert said. "The decision was made with the welfare of the team as a whole in mind and no thought for individuals."

**Worried About Seixas**  
But he still is worried about Seixas.

"There is nothing we can do about tomorrow," he said with a frown. He definitely won't play singles himself.

Billy was asked if Seixas had volunteered withdrawing because of his poor play.

## Sunday School Lesson

By Rev. Dr. Howard R. and Margaret C. Gold

### LET THE PRINCE OF PEACE REIGN

Isaiah 2:2-4; 9:2, 5-7; Luke 2:8-14  
Key Verse: Unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful Counsellor, Mighty God, Everlasting Father, Prince of Peace. Isaiah 9:6.  
God never left Himself without a witness. In the darkest days of His people's experience there was always some one to speak for God and His cause. It was so in Isaiah's time about 750 years before the time of Jesus Christ. During his lifetime Israel had many enemies. At the moment that Isaiah made his great prophecy the Assyrians were threatening Jerusalem. The foe was powerful, and the Hebrew

nation was weak through corruption. While he censured the people for their godlessness, he also predicted the coming of a glorious day when wars were of the past and righteousness would reign.

It was characteristic of the prophets to pronounce doom for the people who were godless, but also by voice and act to proclaim a better future. Recall Jeremiah, a gloomy prophet indeed. He bought a field, occupied at the time by an enemy, and buried the deed where he would some day reclaim it. That was faith action. These prophets were able to look into the future, perhaps a distant future, and see God's plan carried out. Very likely Isaiah thought that in his time the Prince of Peace would come with power and bring in the age of

righteousness. But it requires long years for a wilful people to accept the Divine plan and live accordingly. The Lord God fulfilled His promise. He sent His Son as the redeemer of wayward man. Luke tells the story of His coming in simple but eloquent language. God's plan is complete. The Wonderful Counsellor is here in the hearts and minds of all who will receive Him. He is ready to counsel the nations; to redeem mankind from its ways that lead to destruction.

What shall we do with Isaiah's prophecy of Christ's coming, and with Luke's account of His arrival? First of all, believe them. Their reality has been proved. But men are slow to believe in the remarkable possibilities in the applied teachings of Christ. We must have the faith the prophets had. We must with confidence follow the words of Jesus and emulate Him in our actions. Dr. Nathan M. Pusey, Harvard University's new president, in speaking of "A Religion for Now," said he did not

mean "to imply that all that is lacking is knowledge. It is rather, I think, faith." The kind of faith we need is exemplified by the missionaries that stay at their post until ousted by force, and then seek another station.

Next to faith in God's plan for His people is to practice it. This is true of the peace among the nations for which we pray. The best most of us can do is to live in peace with our neighbors and so create an atmosphere of peace. The accumulation of such an atmosphere of many communities is the foundation for a wider area of good will, and there is no more effective way to preach the gospel of love than to live it. Eventually this gospel will win its way among all peoples. There are evidences of progress. The United Nations is seeking ways of cooperation and has done much toward mutual understanding. The President of the United States has made a constructive suggestion which is a modern version of turning "swords into plowshares and spears into

pruning hooks."

It is hoped that each Christmas will bring us nearer a universal peace among the nations; that the angel song will become a reality. "Glory to God in the highest, and on earth peace among men with whom he is pleased."

### \$145 MILLION FUND

HARRISBURG (AP)—Pennsylvania banks distributed almost 145 million dollars this year in Christmas savings to 1,578,544 depositors.

The Pennsylvania Bankers Assn. reported today the distribution of \$144,854,762 represented an increase of 10 per cent from 1952 and was nearly 35 per cent higher than in 1951.

## "O Come, All Ye Faithful"

Not many events in history have left their imprint upon the world for centuries. Man has a way of putting behind him the past—forgetting his triumphs, overcoming his defeats—as he faces new challenges in a changing world.

But at Christmas we remember an event of two thousand years ago. Not one of the momentous crises of military or political history! Just the birth of a child . . . in a stable . . . in a sleeping town . . . far away!

Why should such an event, so long ago, still set the world to singing?

It can only be because that event, unlike any other in the world's long history, affected everyone. What happened in Bethlehem twenty centuries ago has never stopped changing people's lives from that day until this!

Because that first Christmas has given you deeper happiness and richer hope—come, with all the faithful, to worship the Lord.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## PRESIDENT SETS PRECEDENT FOR PRESS SESSION

By MARVIN L. ARROWSMITH  
WASHINGTON (AP)—For the first time in White House history, a recording of an entire presidential news conference was made available Wednesday for use by the nation's radio and television networks.

Release of the Army Signal Corps' recording of President Eisenhower's 33-minute session with newsmen Wednesday also set another precedent. It was the first time that newspapers, in their stories on such conferences, were permitted to quote a president directly without limitation.

James C. Hagerty, White House press secretary, announced the departure from established practice late Wednesday. He said Eisenhower called it a "Christmas present" to newsmen and the public.

"Try It Out"  
Hagerty himself described the move as a first step toward broadening coverage of Eisenhower's news conferences. He said it didn't mean recordings of all future conferences will be released, but that the new practice will be followed "from time to time."

He added: "We are going to try it out and see how it works." Discussing the step on the radio last night, Ray Scherer, White House correspondent for the National Broadcasting Co., called it "a significant milestone" and "a notable advance."

"You at home can now have a sense of participation in the news conferences," Scherer told his audience.

**Break Old Policy**  
All major radio networks broadcast the recording, trimmed down to 30 minutes. Two television networks used excerpts against a background of films of previous presidential news conferences. The

Emma E. Sheffer, county clerk of the courts, sold to Pauline E. Crouse, Mt. Joy Twp., for \$5,000, property in Mt. Joy Twp.

Harold A. and Edna H. Smith, York Springs, sold to Q. Baird and Laura L. Hershey, York Springs R. 2, for \$4,000, a two-acre property in Latimore Twp.

G. Edward and Ethel M. Taughinbaugh, Straban Twp., sold to Monroe L. and Betty J. Miller, Straban Twp., for \$300, an unimproved lot in Straban Twp.

Ruth O. White, Liberty Twp., sold to Daniel L. and Thelma M. Yingling, Mt. Joy Twp., for \$60, a four-acre property in Liberty Twp.

**PUBLISH CONFESSIONS**  
MOSCOW (AP)—All Soviet newspapers, even Soviet Sport, published Thursday the government's announcement of confessions from ex-police boss Lavrenty P. Beria and six associates.

Russians immediately started guessing when and how the accused men would be tried. The announcement did not dwell on this, except to say that a special session of the Supreme Court will handle the case.

one Wednesday was not photographed.

In the ast, newsmen occasionally have been authorized to quote directly a few excerpts from a president's news conference remarks. In such cases a recording of those excerpts sometimes has been released for use on radio and TV.

In general, however, the White House rule has barred direct quotation or use of recordings.

## JURY ACQUITS MAN ACCUSED OF EVADING TAX

PHILADELPHIA (AP)—A federal jury of six men and six women acquitted the 28-year-old son of a former slot machine operator of income tax evasion charges Wednesday after a six-hour deliberation.

Jack W. Matz of Mount Penn. Berks County, was charged with evading payment of \$125,231 in income taxes. The government charged that Matz during the years 1946 through 1950 paid a tax of \$2,011 on a reported income of \$18,983 when he should have paid \$127,241 on an alleged income of \$256,394.

Matz, the government charged, operated slot machines in Reading and surrounding Berks County after taking over the business from his late father, John Matz, who died in 1949.

**Counsel Weeps**  
Defense counsel Jacob Kossman, who openly wept when the verdict was announced, stated at the opening of the trial last Monday that "everybody in Reading, including the government agents, knows that his (John Matz) boy was collecting from the slot machines for other operators and those people are not on trial."

Matz contended that he obtained the money in slot machine collections as an employee of other persons not specifically named during the trial. An Internal Revenue Bureau agent testified Matz stated on his income tax return blanks during the period in question that he was self-employed.

Matz, white-faced as he awaited the verdict, said nothing immediately afterward. Kossman, still weeping as he spoke, thanked the jury for its verdict.

U. S. District Judge Allan K. Grim, who had twice been summoned from his chambers to answer jurors' questions during their deliberation, commented:

"I know you gave this case very serious thought. I had very serious doubts about this case myself."

### NEW SPEED RECORD

WASHINGTON (AP)—A new transcontinental speed record for commercial aircraft apparently was set early Thursday when a National Airlines DC7 completed a California-Washington ferry flight in 5 hours and 54 minutes.

The old record—6 hours and 17 minutes—was made by a Lockheed Constellation in February 1949 on a flight from Burbank, Calif., to New York.

Canaries rarely live more than 25 years.

## LET THE PRINCE OF PEACE RULE

Isaiah 2:2-4; 9:2, 5-7; Luke 2:8-14  
Key Verse: Unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful Counsellor, Mighty God, Everlasting Father, Prince of Peace. Isaiah 9:6.

Cod never left Himself without a witness. In the darkest days of His people's experience there was always some one to speak for God and His cause. It was so in Isaiah's time about 750 years before the time of Jesus Christ. During his lifetime Israel had many enemies. At the moment that Isaiah made his great prophecy the Assyrians were threatening Jerusalem. The foe was powerful, and the Hebrew

nation was weak through corruption. While he censured the people for their godlessness, he also predicted the coming of a glorious day when wars were of the past and righteousness would reign.

It was characteristic of the prophets to pronounce doom for the people who were godless, but also by voice and act to proclaim a better future. Recall Jeremiah, a gloomy prophet indeed. He bought a field, occupied at the time by an enemy, and buried the deed where he would some day reclaim it. That was faith action. These prophets were able to look into the future, perhaps a distant future, and see God's plan carried out. Very likely Isaiah thought that in his time the Prince of Peace would come with power and bring in the age of

righteousness. But it requires long years for a wilful people to accept the Divine plan and live accordingly. The Lord God fulfilled His promise. He sent His Son as the redeemer of wayward man. Luke tells the story of His coming in simple but eloquent language. God's plan is complete. The Wonderful Counsellor is here in the hearts and minds of all who will receive Him. He is ready to counsel the nations; to redeem mankind from its ways that lead to destruction.

What shall we do with Isaiah's prophecy of Christ's coming, and with Luke's account of His arrival? First of all, believe them. Their reality has been proved. But men are slow to believe in the remarkable possibilities in the applied teachings of Christ. We must have the faith the prophets had. We must with confidence follow the words of Jesus and emulate Him in our actions. Dr. Nathan M. Pusey, Harvard University's new president, in speaking of "A Religion for Now," said he did not

mean "to imply that all that is lacking is knowledge. It is rather, I think, faith." The kind of faith we need is exemplified by the missionaries that stay at their post until ousted by force, and then seek another station.

Next to faith in God's plan for His people is to practice it. This is true of the peace among the nations for which we pray. The best most of us can do is to live in peace with our neighbors and so create an atmosphere of peace. The accumulation of such an atmosphere of many communities is the foundation for a wider area of good will, and there is no more effective way to preach the gospel of love than to live it. Eventually this gospel will win its way among all peoples. There are evidences of progress. The United Nations is seeking ways of cooperation and has done much toward mutual understanding. The President of the United States has made a constructive suggestion which is a modern version of turning "swords into plowshares and spears into

pruning hooks." It is hoped that each Christmas will bring us nearer a universal peace among the nations; that the angel song will become a reality. "Glory to God in the highest, and on earth peace among men with whom he is pleased."

## \$145 MILLION FUND

HARRISBURG (AP)—Pennsylvania banks distributed almost 145 million dollars this year in Christmas savings to 1,578,544 depositors. The Pennsylvania Bankers Assn. reported today the distribution of \$144,854,762 represented an increase of 10 per cent from 1952 and was nearly 35 per cent higher than in 1951.

# "O Come, All Ye Faithful"

Not many events in history have left their imprint upon the world for centuries. Man has a way of putting behind him the past—forgetting his triumphs, overcoming his defeats—as he faces new challenges in a changing world.

But at Christmas we remember an event of two thousand years ago. Not one of the momentous crises of military or political history! Just the birth of a child . . . in a stable . . . in a sleeping town . . . far away!

Why should such an event, so long ago, still set the world to singing?

It can only be because that event, unlike any other in the world's long history, affected everyone. What happened in Bethlehem twenty centuries ago has never stopped changing people's lives from that day until this!

Because that first Christmas has given you deeper happiness and richer hope—come, with all the faithful, to worship the Lord.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## PRESIDENT SETS PRECEDENT FOR PRESS SESSION

By MARVIN L. ARROWSMITH  
WASHINGTON (AP)—For the first time in White House history, a recording of an entire presidential news conference was made available Wednesday for use by the nation's radio and television networks.

Release of the Army Signal Corps' recording of President Eisenhower's 33-minute session with newsmen Wednesday also set another precedent. It was the first time that newspapers, in their stories on such conferences, were permitted to quote a president directly without limitation.

James C. Hagerty, White House press secretary, announced the departure from established practice late Wednesday. He said Eisenhower called it a "Christmas present" to newsmen and the public.

"Try It Out"  
Hagerty himself described the move as a first step toward broadening coverage of Eisenhower's news conferences. He said it didn't mean recordings of all future conferences will be released, but that the new practice will be followed "from time to time."

He added: "We are going to try it out and see how it works."

Discussing the step on the radio last night, Ray Scherer, White House correspondent for the National Broadcasting Co., called it "a significant milestone" and "a notable advance."

"You at home can now have a sense of participation in the news conferences," Scherer told his audience.

**Break Old Policy**

All major radio networks broadcast the recording, trimmed down to 30 minutes. Two television networks used excerpts against a background of films of previous presidential news conferences. The

## Property Transfers

Wilbur C. and Loretta Reck, Littlestown, sold to Preston L. and Ruth A. Myers, Littlestown, for \$13,500, a plot of ground in Littlestown at the northwest corner of the intersection of E. Myrtle St. and Maple Ave.

Emma E. Sheffer, county clerk of the courts, sold to Pauline E. Crouse, Mt. Joy Twp., for \$5,000, property in Mt. Joy Twp.

Harold A. and Edna H. Smith, York Springs, sold to Q. Baird and Laura L. Hershey, York Springs R. 2, for \$4,000, a two-acre property in Latimore Twp.

G. Edward and Ethel M. Taughinbaugh, Straban Twp., sold to Monroe L. and Betty J. Miller, Straban Twp., for \$300, an unimproved lot in Straban Twp.

Ruth O. White, Liberty Twp., sold to Daniel L. and Thelma M. Yingling, Mt. Joy Twp., for \$60, a four-acre property in Liberty Twp.

**PUBLISH CONFESSIONS**  
MOSCOW (AP)—All Soviet newspapers, even Soviet Sport, published Thursday the government's announcement of confessions from ex-police boss Lavrenty P. Beria and six associates.

Russians immediately started guessing when and how the accused men would be tried. The announcement did not dwell on this, except to say that a special session of the Supreme Court will handle the case.

one Wednesday was not photographed.

In the past, newsmen occasionally have been authorized to quote directly a few excerpts from a president's news conference remarks. In such cases a recording of those excerpts sometimes has been released for use on radio and TV.

In general, however, the White House rule has barred direct quotation or use of recordings.

## JURY ACQUITS MAN ACCUSED OF EVADING TAX

PHILADELPHIA (AP)—A federal jury of six men and six women acquitted the 28-year-old son of a former slot machine operator of income tax evasion charges Wednesday after a six-hour deliberation.

Jack W. Matz of Mount Penn. Berks County, was charged with evading payment of \$125,231 in income taxes. The government charged that Matz during the years 1946 through 1950 paid a tax of \$2,011 on a reported income of \$18,983 when he should have paid \$127,241 on an alleged income of \$256,394.

Matz, the government charged, operated slot machines in Reading and surrounding Berks County after taking over the business from his late father, John Matz, who died in 1949.

**Counsel Weeps**  
Defense counsel Jacob Kossman, who openly wept when the verdict was announced, stated at the opening of the trial last Monday that "everybody in Reading, including the government agents, knows that his (John Matz) boy was collecting from the slot machines for other operators and those people are not on trial."

Matz contended that he obtained the money in slot machine collections as an employee of other persons not specifically named during the trial. An Internal Revenue Bureau agent testified Matz stated on his income tax return blanks during the period in question that he was self-employed.

Matz, white-faced as he awaited the verdict, said nothing immediately afterward. Kossman, still weeping as he spoke, thanked the jury for its verdict.

U. S. District Judge Allan K. Grim, who had twice been summoned from his chambers to answer jurors' questions during their deliberation, commented:

"I know you gave this case very serious thought. I had very serious doubts about this case myself."

**NEW SPEED RECORD**

WASHINGTON (AP)—A new transcontinental speed record for commercial aircraft apparently was set early Thursday when a National Airlines DC7 completed a California-Washington ferry flight in 5 hours and 54 minutes.

The old record—6 hours and 17 minutes—was made by a Lockheed Constellation in February 1949 on a flight from Burbank, Calif., to New York.

Canaries rarely live more than 25 years.

### Mr. And Mrs. Slifer Mark Their Golden Wedding Day

MR. AND MRS. SLIFER (Littlestown Studio Photo)

Mr. and Mrs. Luther Slifer, Littlestown R. 1, observed their golden wedding anniversary at a celebration on Wednesday evening in the Kingsdale Fire Company hall when over 200 guests were in attendance.

Mr. Slifer, a son of the late Edward and Alice Kindig Slifer, of Littlestown, and Mrs. Slifer, the former Lillian Dutterer, a daughter of the late Jerome and Mary Ellen Hall Dutterer, of Silver Run, were married on December 16, 1903, at 11:30 a.m., at the home of the bride. The ceremony was performed by the late Rev. J. Stewart Hartman, who was pastor of St. Mary's Reformed Church in Silver Run. Mrs. Slifer wore a yellow rosebud corsage on Wednesday night and Mr. Slifer and the attendants wore yellow rosebud boutonnieres. The flowers were gifts from the sons of

Evan D. Kline.

A color scheme of gold and white was used in the decorations for the hall. Large baskets of pompons and chrysanthemums, fruit and other gifts were arranged on two large tables. The Kingsdale Fire Company and the Auxiliary presented the couple with a green plastic covered platform rocker. The refreshment table centerpiece had a holiday motif, with evergreens and candles. A three-tier wedding cake, topped with a miniature bride and groom was also on the table. During the assembly of the many guests, Mrs. Berdie Smith entertained on the piano. Mrs. Smith also provided the traditional wedding music at the marriage of Mr. and Mrs. Slifer in 1903. Mrs. E. Roy Kindig was toastmistress for the occasion. Festivities began with a wedding

procession of the celebrating couple. Stanley M. Staub and Harvey Kline, served as attendants and the wedding march was played by Mrs. Smith, half sister of Mr. Slifer. The invocation was offered by the Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church. A sketch of the lives of Mr. and Mrs. Slifer was given by Mrs. Kindig. Readings, "A Trip to the City" and "The Heart Remembers" were given by Mrs. Edgar A. Wolfe. Frank Plitt provided accordion accompaniment for Mrs. Patsy Crouse, vocalist, who sang "After the Ball," "When Your Hair Has Turned to Silver" and "Bicycle Built for Two." Readings were also given by Stanley M. Staub and remarks by the Rev. Mr. Kammerer.

A mock wedding was presented by the auxiliary to the Kingsdale Fire Company with the following characters: The bride, who wore Mrs. Slifer's original wedding dress and coat, was Mrs. Naomi Lippy; the groom, in full evening attire, Mrs. Margaret King; the minister, Mrs. Treva Koon; bridesmaids, Patsy Crouse and Hazel Mummert; bride's mother, Mrs. Anna Bal; father, Mrs. Treva Koon; bride's brother, Mrs. Alice Wolfe and sister, Mrs. Myra Shelly; best man, Mrs. Frank Plitt; groom's mother, Mrs. Carrie Mummert; father, Mrs. Blanch Shadle; groom's brother, Mrs. Mary Wolfe and sister, Mrs. Carrie Hess; rejected suitors, who sobbed at intervals, Mrs. Blanche Spangler and Mrs. Beulah Hollenshead; ring bearer, Mrs. Elizabeth Mummert; flower girls, Mrs. Betty Gulden and Carrie King; train bearer, Mrs. Esther Hess; ushers, Mrs. Mary Gerriek and Mrs. Elva Miller. Assisting with the wedding were Mrs. Grace Harget, Mrs. Janet Lippy, Mrs. Ada Mummert and Mrs. Ernest Baumgardner.

During the wedding procession, Mrs. Berdie Smith played the traditional wedding march and during the ceremony she accompanied Mrs. Patsy Crouse, who sang "Yes Sir, That's My Baby." Following the ceremony, the bride tossed her bouquet of cabbage, carrots and winter flowers to the crowd and the auxiliary entertained with song parodies "1903 versus 1953," written by Mrs. Catherine Groff and accompanied by Mrs. Fannie Runkles.

During the concluding social hour refreshments were served by the auxiliary members. Music was provided by Mrs. Fannie Runkles, piano; Frank Plitt, accordion; Edgar A. Wolfe, guitar and Alvin J. Groff, bass. Guests were present from Virginia, from Carroll and Adams Counties.

## SANTA and the FLYING PUP

By LUCRECE HUDGINS BEALE

AP Newsfeatures

A gang of Gremlins carrying torches burst into the room.

**SYNOPSIS:** Santa made a magic pill for Willie and the Dreamlins to take to the Dreamlin queen held by the Gremlins. If the queen would swallow the pill she would change for 10 minutes into a puff of smoke and be able to escape. Willie and the Dreamlins traveled to a giant castle where the queen was a prisoner.

### CHAPTER 14 The Gremlins

While Willie and the Dreamlins went in rescue of the Dreamlin queen little Henrietta waited and waited for her puppy to come home.

It was almost Christmas and all the town was filled with merry-makers. But the spirit of Christmas did not come to Henrietta's home. The father had taken back the fine champion dog he had hoped would make Henrietta forget her lost puppy. Now there was nothing in the home except poverty and work.

One day Henrietta passed a store. There was a Santa Claus in the store window. Children lined up to tell Santa their wishes for Christmas.

"I will do that, too," said Henrietta. "It doesn't cost anything." She went in and told Santa that she didn't want anything at all.

Christmas except for her puppy to come home again.

The store Santa said he did not think he could do anything about that. Henrietta looked sad so he wrote a letter to the real Santa Claus something might come of it. Then she ran all the way home. "Father! I am going to write Santa Claus to bring me my puppy for Christmas!"

"Child, there is no Santa Claus," said the father. "And even if there were he could not do anything about your lost puppy."

But Henrietta still believed there was a Santa and he would help her. She wrote a letter. She wrote, "Dear Santa, I have never asked for anything before but this year I would like my little lost puppy for Christmas."

She did not mail the letter because she didn't know how to address it. She thought she would just save it until Christmas eve and then if Santa came he would see it.

Meantime, Willie marched on the Gremlin castle. Mr. Very Little had let Willie smell a handkerchief of the lost queen so that he might track her. Now Willie hurried forward. He held his head high to

show how brave he was. Then he realized that he could never catch the scent of the queen with his nose way up in the air. So he lowered his head and sniffed busily at the ground.

Right away he caught the scent. But it was confusing. He darted off first one way and then another. He wagged his tail furiously and forgot about Mr. Not Much and Mr. Very Little who ran breathlessly along beside him.

Before they knew it they were inside the castle. It was cold and dark in there. Every sound they made brought back echoes.

"Hurry! P-please hurry!" shivered Mr. Not Much.

Willie sprang forward in the dark. "I have her!" he cried triumphantly. "She's right here! It's exactly the same smell as there was on her handkerchief."

Oh he was happy to think he had done such a great deed for Santa! He leaned over and licked the queen.

"Stop it! You're licking me!" shrieked Mr. Very Little.

Mr. Not Much lit a match. In the light Willie found that he had tracked down Mr. Very Little instead of the queen!

"But the scent is the one you gave me!" insisted Willie.

"Mercy me!" cried Mr. Very Little. "I gave you my own handkerchief instead of the queen's."

He gave Willie a different handkerchief. Willie sniffed it thoughtfully.

"I do not think I have run across a track that smells like that," he said.

"Good!" said Mr. Not Much with relief. "The queen is not in the castle. Let's get out of here."

But even as he spoke a door at the end of the corridor flew open and a gang of Gremlins carrying torches burst into the room.

"Now we are lost," whimpered Mr. Not Much.

"Nothing can save us," moaned Mr. Very Little.

As for Willie—he was too frightened to say anything at all.

## IKE SAYS U. S. LOOKING TO GOP FOR PROGRESS

WASHINGTON (AP)—President Eisenhower told GOP congressional leaders Thursday the American people "are looking to the Republican party to continue to enact a forward-looking, progressive program that will serve the welfare of 160 million people."

As Eisenhower began the first of three days of conferences with the party leaders on his 1954 legislative program, it was announced:

1. The President will make a nationwide radio and television address the evening of Jan. 4, reviewing his administration thus far and outlining broadly the 1954 objectives.

2. Eisenhower will personally deliver his States of the Union message to Congress on Jan. 7—the day after the legislators convene.

**Doors Were Closed**  
At the first session, Eisenhower was joined by his Cabinet, other key administration officials, and top White House aides. At the outset, the President told the lawmakers:

## Father Of Seven Is Killed By Two Jobs

DETROIT (AP)—A 40-year-old father of seven working at two jobs to make extra money for Christmas

vested in the Republican party the responsibility of government. With that responsibility we have a great opportunity to advance the welfare of our country. Now let's go to work."

The meeting was behind closed doors, but the President's statement was made public by the White House.

## WORLD MARKS 50TH BIRTHDAY OF AVIATION

KITTY HAWK, N. C. (A)—Aviation celebrated its golden anniversary throughout the world Thursday but especially here at the place of its birth.

Old friends of the Wright brothers, early-day flying students, relatives, Carolina natives who knew of the inventors, notables of the aviation fraternity gathered around.

Their one purpose: to pay tribute to Orville and Wilbur Wright.

the glider-minded bicycle makers from Dayton, Ohio, who came to Kitty Hawk in quest of good and steady winds.

In the nation's capital, aviation scientists gathered to hear pioneer airplane builder Glenn L. Martin deliver the annual Wright Lecture. Also in Washington, at night, President Eisenhower joined with 1,200 men and women in honoring the Wright memory at a banquet.

**1,000 Birthday Dinners**  
The National Committee for the 50th Anniversary of Powered Flight said about 1,000 Wright Day luncheons and dinners are being held around the globe.

For Kitty Hawk, a shrine to airmen, the armed services joined in what was planned as the mightiest air show ever staged in memory of the inventors of air power.

Schoolchildren, parents, travelers from far places visited the 60-foot granite Wright monument which looks out over miles of Atlantic seacoast from sandy-smooth Kill Devil Hill.

And at the base of the hill, at the spot where the brothers made their famous first flight on another Thursday exactly half a century ago, a film-looking kite-like plane—built in 1914—waited to reenact a bit of history.

Aviation pioneer W. D. (Billy) Parker, in cap and goggles, proposed, wind permitting, to fly his plane over the same 120 feet of sand across which the Wright Flyer had flown.

## SEEK 2 BANDITS WHO STOLE SAFE WITH \$40,000

ATLANTIC CITY, N. J. (A)—Police sought two bandits Thursday for stealing a safe containing an estimated \$40,000 from the Venice Park home of a safe owner.

One of the bandits, described as a Negro in his early 20s, posed as a deliveryman Wednesday to force his way into the home of Samuel Hassan. Then, with the partner's help, he took the safe.

Only the maid, 65-year-old Adeline Heard, was at home at the time. She told police someone knocked at the back door, said he had a package and asked her to sign for it.

**Put Maid In Closet**  
When she opened the door, the man whipped out a pistol and demanded to know where the safe was. The maid quoted the gunman as saying, "Sam (Hassan) owes me this money and I'm going to take it."

Then the man forced her into a kitchen closet and propped a chair against the door so that she couldn't get out right away. The maid told police she heard another man talking with the bandit. Both went upstairs, broke

## 9 NEW BUILDING PROJECTS READY

HARRISBURG (A)—Nine new projects costing 7 million dollars, including two at the Pennsylvania State University, were ready for submission Thursday to the General State Authority with backing of its priority committee.

The commonwealth's borrow-and-build agency may also name a new

mother, Mrs. John Trimmer. Mrs. Mary Lindsay and daughter, Miss Mary Lindsay, Gap, spent the weekend with Dr. and Mrs. William E. Flickinger and family.

Mr. and Mrs. Robert Kieffer and two daughters, Mechanicsburg, visited Mr. and Mrs. Jonas Kieffer, Sunday.

executive director at its late afternoon meeting. The post pays \$13,000.

The priority committee headed by Rep. H. G. Andrews (D-Cambria) put the nine new projects at the top of the list for future GSA construction. The next step will be preparation of architects' drawings followed by a call for bids.

The proposed projects at Penn State call for a general classroom for students and a faculty office unit to cost an estimated 1½ million and expansion of the university's health center, including a new hospital for 50 patients to cost \$1,203,000.

**Other Projects**  
The other projects, given priority, with estimated cost: Clarks Summit State Hospital—New senile patient building to house 125 males, \$1,600,000. Philadelphia State Hospital—Chaplain's auditorium seating 1,200

## 18-CAR TRAIN IS DERAILED

NETCONG, N. J. (A)—Eighteen cars of a Central Railroad of New

to replace present building of 150 capacity condemned by the Philadelphia fire marshal, \$802,000. Wernersville State Hospital—New boiler plant 1 million and revamping electrical distribution system, \$500,000.

Shamokin State Hospital—New boiler plant, \$250,000. Western State Penitentiary, Pittsburg—\$24,500 for materials for isolation cells to be constructed by inmate labor; at Rockview Branch, two new boilers and additional steam lines for heating systems, \$200,000.

Jersey freight train were derailed and badly damaged near here Wednesday.

No one was hurt in the derailment that happened, state police said, when a six-inch section of rail popped out of the track.

Most of the cargo on the 74-car train consisted of iron ore. The train had been bound for Bethlehem, Pa., from northwestern New Jersey.

State police said the section of rail broke from the tracks as the train passed the Main street grade crossing in Bartley, a small Morris County community.

Only freight traffic uses the single-track line which runs from High Bridge to the mines and factories in northwestern New Jersey.

Only one train usually runs on the line. It heads north in the morning, and south-loaded with ore—in the afternoon.

## GIVES RITES OF CHURCH TO HIS DYING MOTHER

UNION, CONN. (AP) — The Rev. James F. Johnson of Northvale, N. J., himself hurt in a two-car crash, administered the last rites of the Roman Catholic Church to his dying mother Wednesday.

Father Johnson, administrator of

St. Anthony's church in Northvale, suffered a fractured jaw and hand in the head-on collision that proved fatal to his mother and also injured his sister and the driver of the other car.

His mother, Mrs. Winifred E. Johnson, 71, of Newark, N. J., died before she could be removed to a hospital.

Returning From Funeral

Scene of the accident was the Wilbur Cross Highway here. Father Johnson, 38, his mother and sister, Miss Mary Johnson, who lives at the Newark address, were on their way back from the funeral of a

relative at Leominster, Mass.

Father Johnson, his sister, and the driver of the other car, Carleton D. Brown, 43, of Waterville, Maine, were taken to Johnson Memorial Hospital in nearby Stafford Springs.

Miss Johnson, who was driving, suffered severe chest and head injuries. The priest was scheduled to undergo surgery later. Brown received severe chest injuries and a double fracture of the left leg.

Hurt slightly was Miss Lucille Bolduc, 22, of Waterville, who police said was Brown's secretary. State policeman Ludwig Kolodziej said Brown's car was traveling in the wrong lane when the crash occurred.

## ASKS PROBE OF TANK CONTRACT

READING, Pa. (AP)—Rep. Rhodes (D-Pa.) says he is supporting a demand by Sen. Kefauver (D-Tenn.) for a probe of the Defense Department award of a 200 million dollar tank contract to General Motors Corp.

Rhodes declared Wednesday that as a result, the Birdsboro (Pa.) Armorcast Co. has furloughed hundreds of workers, Rhodes said the plant had a sub-contract to produce turrets for the M48 tank under an agreement with the Chrysler Corp.

The Birdsboro firm, said Rhodes, has put a large amount of money into retooling to handle turret production and he (Rhodes) considers the money will be wasted as a result of the General Motors contract award.

Rhodes said he doubts General Motors, which is scheduled to start production of the tanks next spring, can do the job any cheaper because of the same retooling expenses.

He said he planned to "take some action" in the House backing Kefauver's proposed probe when Congress reconvenes.
